OSQ Series
OSQW™ LED Wall Mount Luminaire

A Wall Mount Ahead Of The Pack

Most site and area luminaires are not in our normal line of sight. But wall mounts are an exception - available for up-close inspection by passers-by, so appearance, quality of illumination and visual comfort are front and center.

Enter the OSQW™ Wall Mount, redefining what's possible in wall mounted illumination by delivering high efficacy and glare-cutting precision optics, all in a streamlined housing.

The OSQW Wall Mount is the perfect choice for enhancing building exteriors, casting light on doorways and pedestrian walkways, and highlighting architectural and landscape accents. Built around Cree Lighting's NanoComfort® Technology, the OSQW Wall Mount reduces high-angle glare and harshness for a much more comfortable visual experience than other wall mounts provide. The lenses also provide exact targeting to prevent light spillover, soften shadows and create a greater perception of safety while lowering utility and maintenance costs.

The Writing On The Wall Says, "A Better Visual Experience"

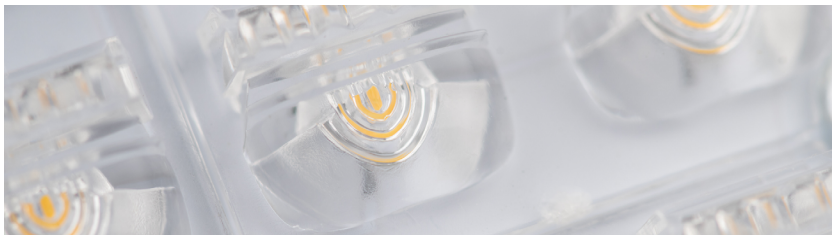

With NanoComfort® Technology, Cree Lighting engineers have achieved an outdoor lighting target that has the industry until now – simultaneously offering elevated efficacy, precise control and visual comfort. The NanoComfort® Technology upgrade provides a substantial reduction in high-angle glare, and the often-requested battery backup is sure to please.

NanoComfort® Technology for the best in performance and visual comfort

- Expanded optical surface area mitigates glare and high-angle brightness for unsurpassed visual comfort and appearance
- Highly durable glass and acrylic lens system dramatically reduces potential points of failure versus sealing each LED at the optic
- 70 CRI: 2700K, 3000K, 4000K, 5700K; 90 CRI: 5000K
- 2,550 | 4,020 | 6,075 | 8,600 lumens
- DLC-Premium level efficacy up to 159 LPW

Convenient features and options simplify buying, installing and maintenance

- Field-serviceable driver for quick maintenance
- Through-wired or conduit entry from the top, bottom, sides and rear
- Bluetooth® Technology Enabled Multi-Level Sensor, Multi-Level, Button Photocell or Field-Installed Synapse® control options
- Certified to ANSI C136.31-2001, 3G bridge and overpass vibration standards
- 10-year warranties on both luminaire and Colorfast DeltaGuard™ finish
- Assembled in the USA by Cree Lighting from US and imported parts

Applications

The OSQW Wall Mount is the ideal solution for a myriad of applications.

Education

Healthcare

Commercial Office
