

Harbourside Netball

SPORTS LIGHTING AT THE TOP OF ITS GAME

The Harbourside Netball project exemplifies how carefully considered product selection and design delivers an exceptional result, that not only exceeds expectations, but sets a new benchmark for sports lighting projects around New Zealand.

There are many aspects to be considered including the quantity and quality of light, measured by colour rendition, uniformity and glare control.

Project Title

- Harbourside Netball

Client

- Harbourside Netball Centre

Project Completion Date

- May 2019

Application

- Sports Lighting

Product

- Arianna Petrarca Series 4000K x24
